

Power of Goodness

Connie Cook Smith © 1988

**With the support of the Earth
With the warmth of the sky
We are in need of nothing at all
Let the power of goodness fly**

**With the love for each other
With golden light from the sun
Nothing exists that we cannot do
There is nothing that cannot be done**

**Power! It's the power of Goodness
Power! It's the power of light
Freedom! All the Earth is arisin'
Echoes of love day and night**

**With the support of the Earth
With the warmth of the sky
We are in need of nothing at all
Let the power of goodness fly**

**We are in need of nothing at all
Let the power of goodness fly**

**Fly
Fly**
