

Realize

Connie Cook Smith © 1988

**We don't really know what were doin' together
We only know it feels so right
And we don't really know what to do about the future
We're not thinkin' much beyond tonight**

**And yet we really care about the Earth and each other
Don't wanna do nothin' wrong
So we're asking you, all sisters and brothers
Teach us the Creator's song
We really wanna get along**

**We wanna realize
We wanna harmonize
We wanna end all lies
And take off to the skies
We really love you
We love each other
And this is All**

**Since we Converged on the hills and in the temples
Everyone has got a greater chance
And you and I my love have entered happily into
The ancient universal dance
It's the ultimate romance**

**We're seein' that we're able to be joyous children
Yet do all that needs to be done
Together, Beloved, we're seein' we're connected
With the earth, the moon, and the sun
May the Will of the Creator be done**

**We're gonna realize
We're gonna harmonize
We're gonna end all lies
And take off to the skies
We love Creation
We love each other
And this is All
We love Creation
We love each other
And this is All**
