

WHITE LIGHT

Connie Cook © 1987

Recording produced by Mark Smith

**Sunlight around your head
An aura from long ago
Saw your soul instead
Of the physical we all know**

**White Light! All around you
Thunder, lightning, and wind
Tonight they will find you
and return your power again
All the fear has come to an end
Ah, Ah, Ah, Ah, Ah**

**High on a windswept hill
Mother Earth gives you all of her love
Restoring your freedom and your will
Wisdom pouring in from above**

**White Light! All around you
Thunder, lightning, and wind
Tonight they will find you
And return your power again
All the fear has come to an end
Ah, Ah, Ah, Ah, Ah**

~

**Window of Light beyond...
Comin' through the clouds tonight
History begone
Everything is new and right**
