

You and I

Connie Cook © 1988

**You & I together lie
upon a cloud made of love
Warm and sweet our bodies meet
Surrender to tenderest love**

**You and I, my friend, are one
Earth and Sky, my friend, are one
You and I together lie
Upon a cloud made of love**

**By and by we learn to fly
Within each other's heart
Space and Time, the ancient rhyme
Is overcome in our heart
Only love, my friend, is real
Only truth, my friend, can heal**

**You and I, we learn to fly
Within each other's heart**
